time it was,
and what a time it was,
it was . . .
a time of innocence,
a time of confidences
long ago . . . it must be . . .
i have a photograph
preserve your memories;
they're all that's left you.

I. Thoughts about the hereafter

(or... Is there a life after graduation?)

Seriously, graduation isn't the end, you know. It's just the beginning. And it could be the beginning of one of the most challenging and fulfilling times of your life. At New England Telephone.

It could be, that is, if you want a job with a challenge as big as your ambition. We need people at New England Telephone — all kinds. People who are sincerely interested in the future.

And who are looking for more from their job than just work!

Your starting salary is good and you get automatic raises.

You don't need experience! Your advancement is tailored to your talents. And you get excellent fringe benefits.

II. See your Guidance Counselor

She'll tell you when and where you can apply for an interview to find out what the "hereafter's" like at
